

Microsoft® Word 2016 Level 2

Course Description: This course is the second in a series of three Microsoft® Office Word 2016 courses. You will learn to create complex documents in Microsoft® Word 2016 by adding components, such as, customized lists, tables, charts, and graphics. You will also create personalized Microsoft® Word 2016 efficiency tools. This Word course is designed for persons who create and modify standard business documents in Microsoft® Word 2016, and who need to learn how to use the program to create or modify complex business documents.

Duration: Instructor-led, group-paced, classroom-delivery learning model with structured hands on activities – 7 hours (1 day)

Course Objectives: To learn to create, edit, and enhance standard business documents using Microsoft® Office Word 2016.

Upon successful completion of this course, students will be able to:

- Customize tables and charts
- Modify pictures in a document
- Create customized graphic elements
- Insert content using Quick Parts
- Create a Word form

Prerequisite: Microsoft® Word Level 1 or comparable Word experience.
